Rotarians are taking part in grants all around the world.

Here's how you can get involved:

District Qualification

Before applying for grants, district officers agree to implement the financial and stewardship requirements in the memorandum of understanding (MOU) by completing the online qualification process.

District Grants

District grants are block grants that allow clubs and districts to address immediate needs in their communities and abroad.

Global Grants

Global grants, which range from US\$15,000 to US\$200,000, fund large international humanitarian projects, vocational training teams, and scholarships that have sustainable, measurable outcomes in one or more of the areas of focus.

Packaged Grants

Packaged grants allow clubs and districts to work with Rotary's strategic partners to implement pre-designed projects.

Welcome

Global grants fund large-scale projects and activities that:

- Align with one or more areas of focus
- Respond to a need the benefiting community has identified
- Include the active participation of the benefiting community
- Strengthen local knowledge, skills, and resources
- Provide long-term benefit to the community after the Rotary club or district has concluded its work
- Have measurable results
- Involve active Rotarian participation

Activities funded by global grants include:

- Humanitarian projects
- Vocational training teams
- Scholarships

Global grant applications are accepted by The Rotary Foundation on a rolling basis throughout the year; however, applications involving travel expenses should be submitted 90 days prior to the travel dates.

These pages outline the components of eligible global grant activities and provide an overview of the information that is required in the global grant application.

Welcome Overview **Activity Types** Areas of Focus Sustainability Review Begin Application

Overview

Grant sponsors

Global grants require an international partnership between a Rotary club or district in the country or geographical area where the activity will take place (**primary host sponsor**) and a Rotary club or district outside of that country or geographical area (**primary international sponsor**). Each sponsor must establish a three-person grant committee to oversee the application, implementation, and reporting processes. One individual on the grant committee must be designated as the **primary contact** to be responsible for all grant-related correspondence with the Foundation.

Global grants require active participation of Rotarians in the host and international sponsor club or district. Grant sponsors are required to identify the specific tasks that both host and international Rotarians will be responsible for during the course of the grant.

Primary sponsor clubs and districts must be **qualified** to participate in a global grant.

Budget

Global grant applications require an itemized budget. Grant sponsors are expected to list the estimated costs of all budget items and identify the vendors/suppliers that have been selected through a competitive bidding process. The total budget must be exactly equal to the total financing.

Financing

Global grants are funded by the Foundation from the World Fund, and awards range from US\$15,000 to US\$200,000. The Foundation matches cash contributions at 50 percent and District Designated Funds (DDF) contributions at 100 percent. The Foundation will also match non-Rotarian contributions toward a

Activity Types

Global grants fund humanitarian projects, vocational training teams, and scholarships.

Humanitarian projects address community needs by providing sustainable, measurable outcomes in the benefiting community.

[Read more](#)

Vocational training teams are groups of professionals traveling abroad to either learn about their profession or teach local professionals about a particular field in order to build skills within a community.

[Read more](#)

Scholarships fund study by graduate students whose career goals support an area of focus.

Areas of Focus

Global grant sponsors are required to demonstrate in the application how their planned activities support the goals of one or more of the areas of focus. In addition, grant sponsors of humanitarian projects and vocational training teams must describe how they will measure impact in the area(s) of focus.

Sustainability

Global grant funding is an investment in long-lasting change. Sustainable projects can take many forms, yet all display the following characteristics. Grant sponsors of humanitarian projects and vocational training teams are required in the application to confirm that the following practices are incorporated into the project design or will be met through existing community services.

Community needs and strengths

Conduct a thorough community needs assessment that involves the collaboration of multiple project participants to identify the needs and values of the beneficiaries.

Review

Ready to get started?

- Have you considered whether your grant will fund a humanitarian project, vocational training, or a scholarship (or a combination of those activities)?
- Have you aligned your activity with the goals of an area of focus and planned for how you will measure your impact in that area?
- Have you identified three Rotarians from your club or district, and three more Rotarians from an international club or district, to oversee the entire grant process—including application, implementation, and reporting?
- Have you identified specific roles and responsibilities that will be performed by the primary sponsors, cooperating organization (if applicable), and beneficiaries?
- Have you developed an itemized budget of expenses and identified contributions for the grant financing? If applicable, have you confirmed the availability of district funds with your district officers?
- Have you ensured that the outcomes of your humanitarian project or vocational training will be sustainable far into the future, mindful of the six sustainability practices for global grants?

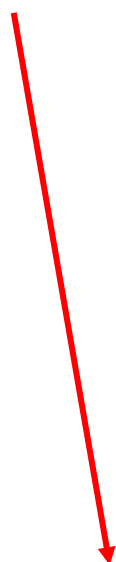

More help is available if you need it.

If you have questions, consider the following resources—

- Go to [learn.rotary.org](#) to view courses on global grants
- Refer to the [Grant Management Manual](#) for a detailed breakdown of the grant process
- Consult your district Rotary Foundation committee for guidance
- [Contact us](#)

And of course, you can always return later if you're not quite ready to begin.

SUSTAINABILITY

What community needs will your project address and how were these needs identified? Provide any relevant data or survey results.

The Medical Intensive Care Department has been founded in Spring 2013 in order to separate the surgical cases (including the car accidents) from the non-surgical critical cases (encephalitis, meningitis, metabolic coma and so on). Due to the economic crisis in Romania the budget of Health is about 4% of the Gross Domestic product, Romania still being in the last place of the quality of medical services in EU. The most recent Intensive Care equipments received by the Hospital from the Ministry of Health have been provided in 2006. Since then the needs of the Hospital have been insured by the poor

Detail how your project will address these community needs.

The project will install a major upgrade of equipment in the Medical Intensive Care/Critical Care Department of the Pediatric Hospital in Cluj-Napoca, Romania. The list is composed by : 7 monitors with a central monitoring station, 1 EKG machine, 4 defibrilators, 1 ultrasound machine. The hospital staff understands the latest cardiac care monitoring and imaging technology, but simply lacks the equipment.

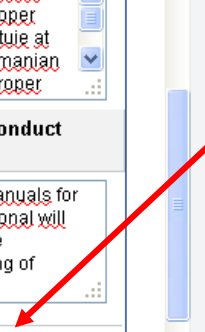

How were members of the local community involved in planning the project? Does your project align with any current or ongoing local initiatives?

The technical and medical staff of the Hospital would help Assist International team in the installation of the equipments and will insure the maintenance after installation. The Hospital will secure each year the necessary funds for the proper functioning of the equipment . The administrative team of the Hospital will contribute together with Rotary Club Cetatuiie at the custom formalities. The Hospital will insure all papers necessary for custom formalities and approval of the Romanian Ministry of Health. The professional trainers of the Hospital will secure together with Assist International staff the proper

Describe any training, community outreach, or educational programs, if applicable, and who will conduct them. How will recipients be selected?

As cooperating organization in this project, Assist International will assume responsibility to provide 'how to use' manuals for the operation and maintenance of all installed equipment. In addition, at the time of the installation, Assist International will conduct formal training sessions for the hospital staff on how to operate, calibrate and maintain the equipment. The professional trainers of the Hospital will secure together with Assist International staff the proper continuous training of doctors and nurses in the use and maintenance of the equipment.

Maternal and child health

Which goals will your activity support?

- Reducing the mortality and morbidity rate for children under the age of five
- Reducing the maternal mortality and morbidity rate
- Improving access to essential medical services, trained community health leaders and health care providers for mothers and their children
- Supporting studies for career-minded professionals related to maternal and child health

How will you meet these goals?

The project will provide 7 monitors with a central monitoring station, 1 EKG machine, 4 defibrillators, 1 ultrasound machine. After installation, the Children's Hospital of Cluj-Napoca will be able to admit and proper treat 500-1000 critical patients/year thus securing the community facilities, at present non-existing, to serve, treat and save childrens' health.

How will you measure your impact?

Note that global grant sponsors of approved applications will be expected to account for the total number of direct beneficiaries in the final report.

ROTARIAN PARTICIPATION

Describe the role of the host Rotarians in this activity and list their specific responsibilities.

As part of this project, the Cluj-Napoca Cetatue Rotary Club will be directly involved in planning, development, implementation and on-going follow-up for all aspects of the project. Also RC Cluj-Napoca Cetatue will assume responsibility for the writing of the Final Report. The members of RC Cluj-Napoca cetatue will visit the Children Hospital in Cluj-Napoca in 2014 to assure that all the technical requirements are met and the the equipment can be properly installed when it arrives. The 9 involved Rotary Clubs are responsible for securing the resources to fund refurbishing and testing,

Describe the role of the international Rotarians in this activity and list their specific responsibilities.

The Oklahoma City Rotary Club will be directly involved in the planning, development and implementation or the project. RC Oklahoma will insure all the financial operations to the vendor (Assist International). In cooperation with Assist International, RC Oklahoma will coordinate the transport from USA to Cluj, Romania. At the time of the installation of the equipment, a delegation from the Oklahoma Rotary Club plans to travel to Cluj-Napoca and participate with colleagues from the other participating Rotary Clubs in the equipment installation process and in the follow-up dedication ceremonies being planned

SUSTAINABILITY

Describe the role that members of the local community will play in implementing your project. What incentives (e.g., compensation, awards, certification, promotion) will you provide to encourage local participation?

After installation of the equipment in the Children Hospital of Cluj-Napoca-Romania by Assist International, all equipment purchased with grant funds will be owned, operated, and maintained by staff of the Intensive care Department of the Children Hospital. Assist International will warrantee the equipment for one year following installation and will offer training and assistance for the foreseeable future. The Emergency Children Hospital will insure the maintenance and operation/functioning of the donated equipments at least five years after the installation.

Identify any individuals in the local community who will be responsible for monitoring outcomes and ensuring continuity of services. How will you support these individuals to help them take on this leadership role?

SUSTAINABILITY

Describe the process for selecting these budget items. Do you plan to purchase any items from local vendors? Have you performed a competitive bidding process to select vendors? Do these budget items align with the local culture and technology standards?

The Medical Intensive Care Department has been founded in Spring 2013 in order to separate the surgical cases (including the car accidents) from the non-surgical critical cases (encephalitis, meningitis, metabolic coma and so on). Due to the economic crisis in Romania the budget of Health is about 4% of the Gross Domestic product, Romania still being in the last place of the quality of medical services in EU. The most recent Intensive Care equipments received by the Hospital from the Ministry of Health have been provided in 2006. Since then the needs of the Hospital have been insured by the poor

How will the beneficiaries maintain these items? If applicable, confirm that spare or replacement parts are readily available and that the beneficiaries possess the skills to operate equipment.

FINANCING

The Rotary Foundation funds global grants from the World Fund, and awards range from US\$15,000 to US\$200,000. The Foundation matches cash contributions at 50 percent and District Designated Fund (DDF) contributions at 100 percent. The Foundation will also match non-Rotarian contributions toward a grant, provided they do not come from a cooperating organization or a beneficiary.

To determine the World Fund match for your global grant, list all sources of funding, specifying contributions from cash, DDF, and other sources. Note that the total financing must be equal to the total budget of your activity.

After you have added all funding sources and the requested World Fund match, click "Save" to save your grant financing.

Rotarians are taking part in grants all around the world.

Here's how you can get involved:

District Qualification

Before applying for grants, district officers agree to implement the financial and stewardship requirements in the memorandum of understanding (MOU) by completing the online qualification process.

District Grants

District grants are block grants that allow clubs and districts to address immediate needs in their communities and abroad.

Global Grants

Global grants, which range from US\$15,000 to US\$200,000, fund large international humanitarian projects, vocational training teams, and scholarships that have sustainable, measurable outcomes in one or more of the areas of focus.

Packaged Grants

Packaged grants allow clubs and districts to work with Rotary's strategic partners to implement pre-designed projects.
